Dearest Jayne: Hope you've saved the other cards for I want them for the Scrapbook I might get made someday. You know - just because of the postmark and the dates, for reference in the future.... Hope you got the cards and folder from N. Orleans. We had very good luck and the longest we waited for a ride was only about 1 1/2 hours. I'll send you a little Map and show you the route we took and number the number of rides. Am leaving for Atlanta a few
